4. FEATURE INTRODUCTION

The G-Series+ Single Unit Charger provides charging functionality to Unication G-Series / G-Series+ voice pagers, and the Unication Dual Voice Source Bluetooth Headset

► 4-1. INSTALLATION

Please make sure the TYPE-C USB cable is connected correctly to the charger port before charging.

- Step 1 Connect the USB cable to power source of choice
(wall socket adapter, computer, vehicle power port)
- Step 2. Connect the cable into the TYPE-C USB charger port.

NOTE : If your charger installation is correct but the LED does not turn on please contact your local dealer.

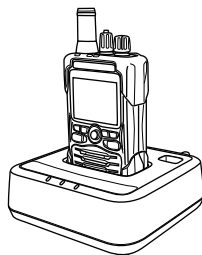

► 4-2. CHARGING

The G-Series+ Charger should be used for G-Series / G-Series+ Voice Pagers only. Before charging the G-Series / G-Series+ Voice Pager, please make sure that the voice pager battery was provided by Unication.

Step 1. Please insert the pager vertically into the charger's pager pocket as in the following illustration. Fasten the backclip to the charger to ensure a stable connection.

Step 2. Once the pager is inserted correctly the charger will detect the battery and start charging.

When the pager is being charged ,the LED light on the pager will turn on as an indicator.

NOTE : If a red LED light is flashing on the pager, please remove the pager from the charger and contact your local dealer.

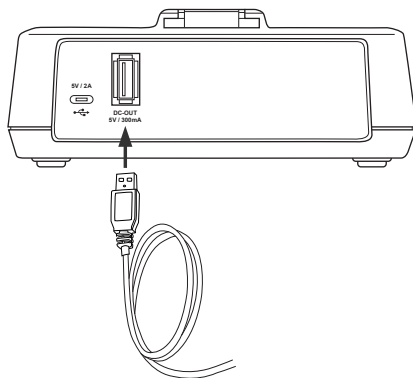

► 4-4. CHARGING EXTERNAL BLUETOOTH HEADSET

Unication's G-Series+ Charger also offers external Bluetooth headset charging functionality.

(※ For best compatibility, please use the Unication provided Dual Voice Source Bluetooth Headset.)

Step 1. Insert the Bluetooth charger cable into the Charger Bluetooth headset charging jack.

Step 2. Fit your Bluetooth Headset inside the BT Headset seat for ease of access.
