

HOW TO...

CLEAN & DISINFECT UNICATION PRODUCTS

CLEANING INSTRUCTIONS:

- 1. PREPARE:** Before beginning, turn device power off and unplug from all external power sources.
- 2. DISINFECT & SANITIZE:** First, gently wipe all exterior surfaces of your device using a Clorox/Lysol Disinfecting Wipe or 70% isopropyl alcohol wipe.
- 3. COMPLETE:** Wipe all surfaces again with a clean damp cloth and follow by carefully drying all surfaces using a dry, soft, lint-free cloth.

DO...

- **DO** use approved cleaning products:
70% isopropyl alcohol wipes
Clorox Disinfecting Wipes
Lysol Disinfecting Wipes
- **DO** power off device and unplug from all external power sources, devices, and cables before cleaning.
- **DO** use soft non-abrasive cloth only.
- **DO** wipe surfaces with clean damp cloth after sanitizing, then dry surfaces using a clean dry cloth.

DON'T...

- **DON'T** use harsh chemicals:
Chlorine
Bleach
Undiluted chemicals/sprays
- **DON'T** spray cleaners directly onto Unication products.
- **DON'T** use harsh or undiluted chemical products such as chlorine or bleach.
- **DON'T** use wet or extremely damp wipes/clothes (squeeze to remove excess liquid before use).
